I am willing to be a Special Friend's Buddy. I understand that I am to be a friend to my assigned camper by getting my camper to each activity on time, and to encourage my camper to participate in activities. I will stay with the camper unless assigned to an activity, and then I will make sure my camper is with my family group. I understand that I will be responsible to take my camper to the nurse's station for medications. I will be up at 6:00 a.m. and be ready to assist my camper. I will have my camper in bed by 10:00 p.m. and then I will get a good nights rest by going to bed soon after my camper is asleep. I will be an example of good behavior to the campers. I will follow the camp director's instructions and the camp rules.
